

PAQ Posters & Banners - New Art

These files are available from PAQ. The examples below and overpage have had Highfields Probus Club details inserted over those in the master files and then saved as Banners- Highfields or Poster - Highfields.

Note: When you open the files you will see Goodna-Springfields Combined Probus Club Inc as this is the longest name for a Queensland Probus Club and was used to ensure that there would be sufficient space for all club names. To edit this name, simply highlight the portion - Club Name - and retype your club name instead. Make sure that you then edit the contact details at the bottom of the poster or banner as well. When you have finished "personalizing" the artwork, use SAVE AS and save the edited artwork with your club name.

These posters and banners are available in the Members' Area on the PAQ web site - www.paqnetwork.com.au To access this area login with your club's PSPL number and then the password provided to your Club Secretary.

Office supply companies, such as Officeworks, will print A4 posters for around \$0.50 each in full colour. The banner designs above have been based on the Officeworks Exhibition Banner 1550 x 600.
